September 2015

STONEWOODPANELS.COM GETS A FRESH NEW FACE

Stonewood Architectural Panels is excited to present its new, highly-interactive website. The website underwent a meticulously enhanced design that now features full-size images of completed Stonewood Panels projects, easy-to-follow menus making user navigation accessible but interactive, and is even mobile responsive for clients on the go.

One of the most important facets the updated website is the fact that everything is just as simple and easy to access as it was before. From project profiles and exterior and interior design offerings to installation guidelines, no detail is out of place.

GLENN MASSAY THEATER - PALMER, AK

The Glenn Massay Theatre in Palmer, AK was installed with a colorful array of over 800 Stonewood Exterior Panels.

Installed over North Clad Aluminum Extrusions with color match fasteners to guarantee a lustrous exterior quality, the panel's captivating glisten will have guests turning heads. The on-site fabrication also ensured that each panel was tailored to meet the ever-changing conditions of building construction.

STONEWOOD INNOVATION TRACKER

mHouse: Tomorrow's Modern Home

The mHouse made its grand debut on September 30 in the leading edge Surface & Panel Magazine, which emphasizes panel-based furniture design, technology and casegoods. The mHouse Project explores the creative possibilities of using decorative alternative materials to construct awe-worthy architecture that will redefine contemporary households.

Stonewood Exterior Architectural Panels made in Wisconsin were used to adorn the exterior of The mHouse.

The mHouse aims to be the go-to residential research lab for tomorrow's modern home. Using "beyond the box" techniques and innovative design, the project aims to create soulful architecture that is truly in touch with its surroundings.
