

## COVID-19 Update: Stonewood is Available and Shipping!

Fiberesin is open and all product lines are available. Manufacturers of Construction Materials are designed Essential Businesses by the Wisconsin Safer at Home Order.

## COVID Relief Loans: How We Can Help

### Fiberesin's "Made In America" Production Supports COVID-19 Relief Loans Commitment

Recipients of the Paycheck Protection Program (PPP) and/or Economic Injury Disaster Loan (EIDL) are **required to purchase American made products when possible.**

Fortunately, all of Fiberesin's product lines, including Stonewood Architectural Panels, are made in Oconomowoc, Wisconsin.

**View our Support Statement at [Stonewoodpanels.com](http://Stonewoodpanels.com)**

## Sanitizing and COVID-19

**Stonewood solid phenolic panels are chemical-resistant and withstand repeated sanitizing against COVID-19.**

### Benefits:

- Chemical-resistant: Can be repeatedly cleaned and sanitized against Covid-19 with all approved disinfectants and sanitizers as outlined by the CDC.
- Proven use in healthcare and laboratory facilities for over 25+ years.
- Longstanding SEFA 8 certification.
- Used by popular medical equipment manufacturers such as Stryker and Hill-Rom.

### Ready for Mobilization:

- Accelerated lead times for Covid-19 essential goods available upon request, please contact us.
- Made in USA, Oconomowoc, Wisconsin.

## New Product: Stonewood Stack System

In the past year, we proudly released our own attachment systems--Concealed Fasteners, Exposed Fasteners, and now the **Stonewood Stack System**.

Easily install panels on large continuous surfaces using the unique Stonewood Stack System, which highlights the versatility and style of popular 'plank-style' panels.

- Reduced installation error.
- Concealed fasteners create clean look, showcasing planks.
- Solid core phenolic panels are strong, highly durable, and impervious to moisture and bacteria.
- Simplified specification.
