

WHY STONEWOOD?

Quick Lead Time

In an industry where the standard lead-time continues to rise, our American-made panels offer a refreshing alternative; **delivery on your terms**, not ours.

Zero Flame Spread

We know that fire safety is a top concern, that's why we proudly offer exterior panels with a **Flame Spread Index of zero**-- the best in the industry.

Tested to the highest standards, Stonewood Panels perform; **passing the stringent NFPA 285 Standard Fire Test** for exterior wall assemblies.

Manufacturing and customer service are **located in Wisconsin**; ready to send your quotes, samples, and offer timely **on-the-spot** answers.

Made in America

Non-proprietary attachment

Attach exterior panels using **non-proprietary exposed fastener system** in a rain screen design. Install interior panels with off-the-shelf threaded fasteners.

Environmentally Responsible

Panels are available with **FSC certification** and production energy is sourced from in-house scrap materials.
